

## Automated License Plate Readers (ALPRs)

### 424.1 PURPOSE AND SCOPE

Automated License Plate Reader (ALPR) technology, also known as License Plate Recognition, provides automated detection of license plates. ALPRs are used by the St George Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying uninsured vehicles, registration violations, identifying stolen or wanted vehicles, stolen license plates and missing persons. ALPRs may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

### 424.2 ADMINISTRATION OF ALPR DATA

All installation and maintenance of ALPR equipment, ALPR data retention and access, shall be managed by the captain supervising those using the system. Each captain with an ALPR assigned in their division will assign personnel under his/her command to administer the day-to-day operation of the ALPR equipment and data.

### 424.3 ALPR OPERATION

Use of an ALPR is restricted to the purposes outlined below. Department personnel shall not use or allow others to use, the equipment or database records for any unauthorized purpose.

- (a) An ALPR shall only be used for official and legitimate law enforcement business (Utah Code 41-6a-2003).
- (b) An ALPR may be used in conjunction with any routine patrol operation or official investigation. Reasonable suspicion or probable cause is not required before using an ALPR.
- (c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.
- (e) If practicable, the officer should verify an ALPR response through the Utah Criminal Justice Information System (UCJIS) law enforcement information system or other appropriate database before taking enforcement action that is based solely upon an ALPR alert.
- (f) No ALPR operator may access the UCJIS database or other system unless otherwise authorized to do so.

### **424.4 ALPR DATA COLLECTION AND RETENTION**

All data and images gathered by an ALPR are for the official use of the St George Police Department and because such data may contain confidential information, it is not open to public review. All ALPR information gathered is transferred to the Utah State Tax Commission and no data is stored on department servers. ALPR data may be shared with prosecutors or others only as permitted by law (Utah Code 41-6a-2004).

#### **424.4.1 NON-GOVERNMENTAL AGENCY ALPR**

ALPR data captured by a non-governmental agency device may only be obtained pursuant to a warrant or a court order (Utah Code 41-6a-2005).

### **424.5 ACCOUNTABILITY AND SAFEGUARDS**

All saved data shall be closely safeguarded and protected by both procedural and technological means. The St George Police Department will observe the following safeguards regarding access to and use of stored data:

- (a) All requests for access to stored ALPR data shall be referred to the Utah State Tax Commission - Motor Vehicle Enforcement Division.
- (b) All ALPR data downloaded to the mobile workstation and server shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time.
- (c) Persons approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.
- (d) Such ALPR data may be released to other authorized and verified law enforcement officials and agencies at any time for legitimate law enforcement purposes.
- (e) ALPR system audits should be conducted on a regular basis.
